Covered person means the plan member who has been enrolled in the plan or his or her enrolled dependents.

Custom made foot orthotics means a device made from a 3-dimensional model of an individual's foot and made from raw materials. (These devices are used to relieve foot pain related to biomechanical misalignment to the feet and lower limbs.)

Deductible is the amount that must be paid by or on behalf of you and your dependent in any benefit year before reimbursement of an eligible expense will be made.

Children who are in full-time attendance at an accredited school do not have to reside with you or attend school in your province. (Please note that the trip duration limit of the Travel plan will still apply).

Rendered amount means the amount charged by a provider for a service and submitted for payment of a claim.

Semi-private room for hospital accommodation means a room having only two treatment beds.

ELIGIBILITY

For You

To be eligible for coverage, you must:

- a) be an active permanent full-time or part-time employee who is a resident of Canada;
- b) be covered under your provincial health insurance plan;
- c) be actively at work* on your effective date of coverage and working a minimum of 20 hours per week on a regular basis and a minimum of 15 hours per week on a part-time basis or such greater number as determined by the employer; and
- d) complete the waiting period as defined by your Employer.

* You are considered to be actively at work if you are performing all the usual and customary duties of your job with your employer for the scheduled number of hours for that day. This includes scheduled non-working days and any period of continuous paid vacation of up to 3 months if you were actively at work on the last scheduled working day. You are not considered to be actively at work if you are receiving disability benefits or are participating in a partial disability or rehabilitation program.

For Your Dependents

Each dependent must be covered under a provincial health insurance plan and will be eligible for coverage on the date you become eligible or the date they first become your dependent, whichever is later.

Enrolment

To enroll, you must request coverage in writing by supplying the appropriate enrolment information to your employer within 31 days after the date you become eligible. If your enrolment request is not received by OASSIS within this time period, you will be considered a late applicant and subject to proof of good health prior to enrolment in the plan.

If you or your dependents are covered for benefits under another group plan, you may refuse coverage under this plan. If, at a later date, the other coverage ends, you can enroll for benefits under this plan within 31 days of the date the comparable coverage ends.

Coverage Effective Date

Your coverage begins on the date you become eligible for coverage, have satisfied the eligibility requirements and you are enrolled under the plan or the date GSC approves proof of good health, if required.

If you are not actively at work on the date coverage would normally begin, your coverage will not begin, until you return to active work.

Dependent coverage begins on the later of the following dates:

- a) the date your coverage begins;
- b) the date the dependent becomes eligible for coverage;
- c) the date you request dependent coverage;
- d) the date GSC approves the dependent's proof of good health, if required.

Coverage for a dependent, other than a newborn child, who is hospitalized, will begin when the dependent is discharged from hospital and is actively pursuing normal activities.

ELIGIBILITY

Late Applicant

If you apply for coverage for yourself or your dependents more than 31 days after becoming eligible, you are considered a late applicant and you will have to provide proof of good health at your own expense.

Termination

Your coverage will end on the earliest of the following dates:

- a) the date your employment ends;
- b) the date you retire (if you are totally disabled, this is your 65th birthday);
- c) 12 months from the date of disability;
- d) the date you are no longer actively working;
- e) the end of the period for which rates have been paid to GSC for your coverage;
- f) the date the group contract terminates;
- g) the end of the minimum period required by provincial law following the employee's termination; or
- h) date you no longer meet eligibility requirements;

In the event this contract terminates due to non-payment of rates, or such, employees should contact their employer.

Dependent coverage will end on the earliest of the following dates:

- a) the date your coverage terminates;
- b) the date your dependent is no longer an eligible dependent;
- c) the date your dependent child attains the specified age limit;
- d) the end of the period for which rates have been paid for dependent coverage;
- e) the date the group contract terminates.

Reinstatements

Full-time Employees:

If your coverage ends as a result of termination of employment, and you are re-employed or re-qualify for a new benefit period which begins within 6 months of your coverage termination date, then your coverage may be reinstated. You will not be required to complete the waiting period, and all contract provisions, continue as if there had been no break in your coverage. However, the time between covered periods will not count for the purpose of satisfying any length-of-service requirements. If your coverage terminates because of your voluntary termination of benefits, you may not be covered again until you provide evidence of good health satisfactory to the insurance company for you and your dependents.

Part-time Employees:

If your coverage ends as a result of termination of employment, or your failure to work the required number of hours because of any insufficient workload, and you are re-employed or re-qualify for benefits within 6 months of your coverage termination date, then your coverage may be reinstated. You will not be required to complete the waiting period, and all contract provisions, continue as if there had been no break in your coverage. However, the time between covered period will not count for the purpose of satisfying any length-of-service requirements. If your coverage terminates because of your voluntary termination of benefits, you may not be covered again until you provide evidence of good health satisfactory to the insurance company for you and your dependents.

Reinstatement After an Unpaid Leave of Absence or Failure to Work Required Hours for Eligibility

If coverage ends as a result of an unpaid leave of absence, or your failure to work the required number of hours even though work was available to you, and you become eligible for benefits again within 6 months of your coverage termination date, then your coverage may be reinstated effective on your new eligibility date. You will not be required to complete the waiting period, but all contract provisions, will start from your new effective date.

ELIGIBILITY

Reinstatement After Maternity/Parental Leave or Approved Disability

If your coverage ends because you chose not to continue your benefits coverage during your maternity/parental leave or WSIB, LTD or STD approved disability, upon return to work, you may apply for immediate reinstatement of your benefits, provided you apply within 31 days of your return to work.

- a) your child became dependent upon you by reason of a mental or physical disability prior to reaching this age; and
- b) your child has been continuously so disabled since that time.

Continuation of Coverage While on Leave

If you are absent from work due to sickness, injury, lay-off or maternity/parental leave of absence you may be eligible to maintain benefit coverage. Premiums must continue to be paid for benefit coverage that is maintained while on leave. It is important that you contact your employer to make arrangements for extension of benefit coverage while on leave.

Unpaid Leave of Absence or Temporary Lay Off

ELIGIBILITY

Changes Affecting Your Coverage

There may be circumstances that change your coverage. For example, your employment status may change, a Life Event change may occur, or your employer may change the group contract.

A change in coverage requested due to a Life Event change, will be effective on the later of the date of the Life Event change or the date on which proof of good health, if required, is received and approved, but not before the actual date of the life event.

Your employer must receive notice of the Life Event change and forward the following to OASSIS within 31 days of the change. Some Life Event changes are subject to medical approval if you do not notify your employer of the change within 31 days. Life Event changes include:

- a) marriage or any other formal union recognized by law, or common-law;
- b) birth or adoption of a child;
- c) divorce or legal separation;
- d) loss of spouse's benefit coverage;
- e) death of a dependent;
- f) the date a dependent child is no longer eligible for benefits.

The following exceptions apply if the result of the change is an increase in coverage:

- a) if proof of good health is required, the change will not be effective until GSC approves the proof of good health;
- b) if you are not actively at work when the change occurs or when GSC approves the proof of good health, the change will not be effective until you return to active work;
- c) if a dependent, other than a newborn child, is hospitalized on the date the change occurs, the change in the dependent's coverage will not be effective until the dependent is discharged from hospital and is actively pursuing normal activities.

Updating Your Records

To ensure that coverage is kept up to date, it is important that you report any of the following changes to your employer:

- a) change of dependents;
- b) change of name.

Recovering Overpayments

We have the right to recover all overpayments of benefits either by deducting from other benefits or by any other legal means.

How Travel Assistance Service Works

For assistance dial **1.800.936.6226** within Canada and the United States or call collect **0.519.742.3556** when traveling outside Canada and the United States. These numbers appear on your GSC Identification card.

Quote the GSC travel assist group number and your GSC Identification Number, found on your GSC Identification card, and explain your medical emergency. **You must always be able to provide your GSC Identification Number and your provincial health insurance plan number.**

A multilingual Assistance Specialist will provide direction to the best available medical facility or legally qualified physician able to provide the appropriate care.

Upon admission to a hospital or when consulting a legally qualified physician or surgeon for major emergency treatment, we will guarantee the provider (hospital, clinic or physician), that you have both provincial health insurance plan coverage and GSC travel benefits as detailed above.

The provider may then bill GSC Travel Assistance directly for these approved services for amounts in excess of \$200.

Our Assistance Medical Team will follow your progress to ensure that you are receiving the best available medical treatment. These physicians also keep in constant communication with your family physician and your family, depending on the severity of your condition.

When calling collect while travelling outside Canada and the United States, you may require a Canada Direct Calling Code. In the event that a collect call is not possible, keep your receipts for phone calls made to GSC Travel Assistance and submit them for reimbursement upon your return to Canada.

GSC reserves the right, without notice, to suspend, curtail or limit its services in any area in the event of political or civil unrest, including rebellion, riot, military uprising, labour disturbance or strike, act of God, or refusal of authorities in a foreign country to permit GSC to provide service. This includes travel in any area if at the time of booking the trip (including delay of travel), or before your departure date, Foreign Affairs and International Trade Canada (DFAIT) issued a formal travel warning advising Canadians to avoid all or non-essential travel to that specific country, region or city due to a likely or actual epidemic or pandemic, (non-essential travel will be deemed as anything other than a significant medical or family emergency, such as the death of a family member);

Orthodontic Services

(For Dependent Children only under age 21 or under age 25 for full-time students)

Reimbursement for orthodontic treatment to straighten teeth and correct the bite.

When a lump sum fee has been paid toward orthodontic treatment, the total amount of the claim will be split into separate portions to allow for payment of an initial fee (approximately one-third of the total lump sum), and the balance of the claim will be divided into monthly fees of equal amounts to be reimbursed over the duration of the treatment.

If orthodontic treatment is terminated for any reason before completion, the obligation to pay benefits will cease with payment to the date of termination. If such services are resumed, benefit for the remaining services, will be resumed. The benefit payment for orthodontic services will be only for the months that coverage is in force.

Alternate Treatment

The group benefit plan will reimburse the amount shown in the Fee Guide for the least expensive service or supply, provided that both courses of treatment are a benefit under the plan.

Any alternative procedures must be part of usual and accepted dental work and must obtain as adequate a result as the procedure that the dentist performed or proposed to perform in the pre-determination.

If you received any temporary dental service, it will be included as part of the final dental procedure used to correct the problem and not as a separate procedure. The fee for the permanent service will be used to determine the usual and reasonable charge for the final dental service.

An expense must be claimed for the benefit year in which the expense is incurred. You incur an expense on the date your dentist performs a single appointment procedure. For procedures which take more than one appointment, you incur an expense once the entire procedure is completed.

Predetermination

Before your treatment begins:

- for all proposed treatment for crowns, onlays and bridges, an estimate completed by your dental practitioner, **must** be submitted for assessment. Our assessment of the proposed treatment, may result in a lesser benefit being payable or may result in benefits being denied. Failure to submit an estimate prior to beginning your treatment will result in the delay of the assessment.
- if the total cost of any other proposed treatment is expected to exceed \$500, it is recommended that you submit an estimate completed by your dental practitioner.

Limitations

1. Laboratory charges must be completed in conjunction with other services and will be limited to the co-pay of such services. Laboratory charges that are in excess of 40% of the dentist's fee in the applicable Fee Guide shown in the Schedule of Benefits will be reduced accordingly; co-pay is then applied;
2. Reimbursement will be made according to standard and/or basic services, supplies or treatment. Related expenses beyond the standard and/or basic services, supplies or treatment will remain your responsibility;
3. Reimbursement will be pro-rated and reduced accordingly, when time spent by the dentist is less than the average time assigned to a dental service procedure code in the applicable Fee Guide shown in the Schedule of Benefits;
4. Reimbursement for root canal therapy will be limited to payment once only per tooth. Extra charges for difficult access, exception anatomy, calcified and retreatments are not included. The total fee for root canal includes all pulpotomies and pulpectomies performed on the same tooth;
5. Common surfaces on the same tooth/same day will be assessed as one surface. If individual surfaces are restored on the same tooth/same day, payment will be assessed according to the procedure code representing the combined surface. Payment will be limited to a maximum of 5 surfaces in any 36 month period;
6. When more than one surgical procedure, including multiple periodontal surgical procedures, is performed during the same appointment in the same area of the mouth, only the most comprehensive procedure will be eligible for reimbursement, as the fee for each procedure is based on complete, comprehensive treatment, and is deemed part of the multiple services factor;
7. The multiple services factor occurs when a minimum of 6 or more restorations (fillings) or multiple periodontal services are performed at the same appointment and the full fee guide price is charged for each restoration or periodontal service, the first service will be paid in full and all remaining services will be reduced by 20%;

8. Core build-ups are eligible only for the purpose of retention and preservation of a tooth when performed with crown treatment. Necessity must be evident on mounted pre-treatment X-rays. Core build-ups to facilitate impression taking and/or block out undercuts are considered included in the cost of a crown;

HEALTH CARE SPENDING ACCOUNT (HCSA)

Your HCSA is governed at all times by the rules and regulations of the Income Tax Act. In the event of a dispute the Income Tax Act shall prevail. The liability for the HCSA lies solely with your plan sponsor.

Your HCSA is provided by your plan sponsor and administered by GSC.

Your HCSA is a spending account funded by your plan sponsor that you can use to pay for health and dental expenses that are not covered by your group benefit plan or your provincial health plan.

At the beginning of each benefit year, a predetermined lump sum amount as shown in the Schedule of Benefits will be allocated to your account annually to cover the reimbursement of your eligible expenses incurred during that benefit year. When you submit a claim, you will be reimbursed for eligible expenses up to the balance in your account.

Any balance remaining in your account on the last day of the benefit year will be carried forward to, but not beyond the end of, the next benefit year. This balance will be added to your new credits, and claims for the new benefit year will be applied to the combined amount, using the previous benefit year credits first. At the end of the new benefit year, any remaining previous benefit year credits will be forfeited.

Eligible Expenses

Eligible expenses include but are not limited to those that qualify for medical expense tax credits under the Canada Revenue Agency (CRA) Income Tax guidelines. It also includes the amount of the deductible and the percentage not covered by the group benefit plan or the amount in excess of group benefit plan maximums.

For a list of eligible medical expenses, visit our website at greenshield.ca, or for more information about eligible expenses you can consult a CRA office or visit the CRA website at <http://www.cra-arc.gc.ca/tx/ndvdl/tpcs/ncm-tx/rtrn/cmpltng/ddctns/Ins300-350/330/llwbl-eng.html>

Exclusions

Expenses not eligible for reimbursement are at all times governed by the non-eligible expenses, restrictions and limitations outlined in the Canadian Income Tax Act. An example of expenses would be:

- a) premiums paid to provincial medical or hospitalization plans; and
- b) medical costs for which you or your dependent are reimbursed or entitled to be reimbursed under a provincial health insurance plan, your group benefit plan or your spouse's group benefit plan.

Maternity, Adoption or Parental Leave

If you elect to continue benefits under your group plan, you may continue to submit claims for expenses incurred prior to, or during, the period of your leave.

- a) Direct deposit to your personal bank account, when requested;
- b) A reimbursement cheque; or
- c) Direct payment to the provider of services, where applicable.

All maximums and limitations stated are in Canadian currency. Reimbursement will be made in Canadian or U.S. funds for both providers and plan members, based on the country of the payee.

(not applicable to Health Care Spending Account)

Emergency Travel

GSC Travel Assistance must be contacted by phone within 48 hours of commencement of treatment.

Call our Customer Service Centre at 1.888.711.1119 for detailed claims submission instructions.

If you have incurred out of pocket expenses, claims must be submitted together with supporting original receipts to GSC Travel Assistance who will then co-ordinate with the provincial health insurance plan reimbursement of those approved, eligible expenses.

To make a claim, submit the patient name, provincial health insurance plan number, address and GSC Identification Number with a detailed statement showing the services rendered and the fees charged for each service.

Subrogation

GSC retains the right of subrogation if benefits paid on behalf of you or your dependent are or should have been paid or provided by a third party liability. This means that GSC has the right to recover payment for reimbursement where you or your dependent receives reimbursement, in whole or in part, in respect of benefits or payments made or provided by GSC, from a third party or other coverage(s). In cases of third party liability, you must advise your lawyer of our subrogation rights.

Co-ordination of Benefits (COB)

If you are covered for extended health and dental benefits under more than one plan, your benefits under this plan will be co-coordinated with the other plan so that you may be reimbursed **up to** 100% of the eligible expense incurred.

Claims must be submitted to the primary payor first. Any unpaid balances should then be submitted to the secondary plan(s). Use the following guidelines to identify the primary and secondary plans:

GSC Plan Member

GSC coverage for you is always primary. If you are the plan member under two group plans, priority goes in the following order:

- The plan where you are a full-time plan member
- The plan where you are a part-time plan member
- The plan where you are a retiree

Spouse

If your spouse is a plan member under another benefit plan, this GSC coverage is always secondary. Your spouse must first submit claims to his/her benefit plan.

Children

When dependent children are covered under both your GSC plan and your spouse's benefit plan, use the following order to determine where to submit the claims:

- The plan of the parent whose birth date (month and day) occurs earliest in the calendar year
- The plan of the parent whose first name begins with the earlier letter of the alphabet, if the parents have the same birth date
- In cases of separation or divorce with multiple benefit plans for the children, the following order applies:
 - The benefit plan of the parent who has custody of the dependent child
 - The plan of the spouse of the parent who has custody of the dependent child
 - The plan of the parent who does not have custody of the dependent child
 - The plan of the spouse of the parent who does not have custody of the dependent child

If the parents have joint custody and both have the children listed as dependents under their plans, claims should first be submitted to the plan of the parent whose birth date (month and day) occurs earliest in the calendar year. Balances can then be submitted to the other parent's plan.

Travel Benefits

In the event of a travel claim, all plans equally share the cost of the claim.

When GSC is identified as a secondary carrier, submit the original Explanation of Benefits statement from the primary carrier and a copy of the claim form in order to receive any balances owing.
